

## SEMIRAMIS, QUEEN OF BABYLON

Following on the "*Cleaning of the water sources of the land*" we had another interesting deliverance session that turned out to be cleansing for everyone involved.

Following up on the previous deliverance we decided to take a two week break to ABBA to guide us on the next area of deliverance. This came in the form of Queen of Babylon, Semiramis through two witnesses. Most of you have dealt with the Her through you standard deliverance and do not want you to ignore that, but what the Ruach showed us makes all that seem irrelevant.

I will not be dealing on the history of Semiramis and if you should decide to gain more info here is a link: <http://www.ldolphin.org/semir.html>.

On the outset of the session we were given the name Queen of Babylon and we needed to deliver the lady from Babylon. The previous day I already had an encounter with a spirit named Semiramis and it main goal was destruction from birth.

As we were looking for the starting point or what we call the root, I was led to go directly to the womb at inception. The Ruach clearly showed us that the fetus was already corrupted through some form of blood line right. Later to be revealed as satanic worship and dedication of the children to satan, this happens in all the occult for example freemasons and illuminati.

*The question immediately stirred inside all of us, do we have link to Semiramis as all our ancestor were part of cult?*

It was obvious that this spirit was dormant and waiting for a time to take control of our lives and in fact keep us trapped in the world system namely, Babylon. We also realised if not dealt with could be the catalyst used by satan to help the people take the mark.

We asked the Ruach to guide to the portal or access point, and the spirit of ABBA showed one of the sears the following: a dungeon well hidden deep in hell where fragments of every persons fetus are held in a cocoon connected to an umbilical cord with green slime been fed to the fetus on a daily basis. *This fetus is the legal right the enemy has on every person through bloodline right to speak into and drop thoughts that keep a person trapped in the world. As the person grows up these thoughts will lead the person to make wrong decision and thereby gain more right for the enemy.*

**Our question was what now?** The only answer was a group deliverance as we sensed there was a piece of every person present in the dungeon as well as the entire body of יהושע. We started with a general repentance for our blood line all the way back to Adam and Eve as well as ten generations forward. This evolved to forgiveness of our forefathers for giving legal right of our bloodlines to the enemy with or without our permission, knowingly or unknowingly. We also prayed for the saints who walk a life of repentance and need this healing.

We then proceeded to ask ABBA to send His angels into the dungeon and cut loose all our fragment's that were trapped in the dungeon and to allow them to be washed with the blood of יהושע. This was so that the fragments can be restored, healed and be declared Holy as

the Word says that anything touching a holy object will be made holy. We then prayed that those portions of us be restored to the individuals and everyone be made whole again.

Vision: As we were praying a seer saw the angels go into the cave and carefully remove the fetus and lovingly present them to יהושע for healing and restoration. A bright light came and cleared all the green slime of the fetus as they were cleaned and restored then they placed into each one's heart.

Many people there experienced some form of touch around the heart area.

The next week I saw the lady again at a conference and the difference was astounding, bright, sparkly and full of confidence.

### **Why the message?**

I believe with all my heart that this is a another end time strategy that has been revealed to us for the redeeming the children of ABBA. I believe that as time draws nearer that ABBA wants us pure and spotless and totally set free in order to fulfil our end time destinies.

By no means do I say that this is the only way or that the judgments are exhaustive but rather that it is a foundation to be build on to take back what is legally ours.

Pray about this allow the Ruach to lead you, your testimonies and questions are welcome.
